SNOWMOBILING TRAGEDY CLAIMS TWO LIVES

A freak snowmobiling accident turned a Saturday evening's fun into tragedy last weekend when it claimed the lives of two Minden young people.

Sterling Hewitt, 25, of Minden was killed instantly when his snowmobile hit a parked snowmobile trailer on the Minden-Gelert road.

His passenger, Laurie Bacon 15, of Lochlin died at Minden Red-Cross Hospital barely an hour after the accident.

Hewitt and Miss Bacon were returning to Minden from Gelert with five other snowmobilers on five machines when the Hewitt snowmobile struck the large, unlighted snowmobile trailer.

'We were driving slowly and carefully' recalled Fred Cooper of Minden who was leading the group.

'I came over a rise near the old Bob Shaw place and there was this trailer. I barely missed it myself,' he said. Mr. Cooper said the trailer was attached to a light-colored car and that in the snow and darkness the two were almost invisible.

Following behind Mr. Cooper Mrs. Lila Lytle, also of Minden, swerved in time to miss the trailer.

'Sterling was next,' said Mr. Cooper, 'but even though he tried to avoid it, his machine struck the corner of the trailer.'

Other members of the party were Mr. Cooper's son Gerald and Mr. and Mrs. Martin Bacon, his daughter and son-in-law. Mr. Bacon is a brother of the dead girl. The impact sheared off the top portion of the snowmobile fatally injuring the young couple.

LAURIE BACON

STERLING HEWITT

While Gerald raced for help, the others attempted to revive Hewitt and Miss Bacon with mouth-to-mouth resuscitation.

The daughter of Mrs. Russell Baker, Miss Bacon was one of five children. A grade 10 student she assisted her mother, grandmother and great-grandmother in a variety of ways. Besides her mother she is survived by brothers Martin, Bartley and Brian, a sister Elaine, grandmother Mrs. R. Congdon, great-grandmother Mrs. Myrtle Roberts and her aunt, Mrs. Amy Richardson.

The son of Mrs. Beulah Hewitt, Mr. Hewitt is also survived by one brother and four sisters. He was employed by Kowartha Dairy.

Progress story prompts protest

A Minden Progress story about a proposed county bylaw to restrict the size and placement of signs prompted a 3-member delegation to Haliburton County Council last week.

Speaking on behalf of the 175 member Haliburton-Lindsay Real Estate Board, Jim Cooper, of Cooper and Pitts Real Estate, told council he was there in response to the Progress story and said that the new bylaw's restrictions concerning SOLD signs should be carefully considered. The new bylaw prohibits the placing of 'field-advertising' signs and defines a SOLD real estate sign as 'field-advertising'.

Warden Murray Farrey acknowledged Mr. Cooper's objection and suggested he approach his local council representative who would then report to the Roads Committee.

New board chairman

Mrs. Dorothy Way, Trustee for the Municipality of Dysart et al, has been elected Chairman of the Haliburton County Board of Education for the year 1974. Mrs. Way has been a member of the Board since its inception in 1969 and has served on many of the Board's committees. Mr. Ralph Young, Trustee for the Township of Snowdon, was elected Vice-Chairman for 1974.

The Haliburton County Board of Education, for the year 1974, will consist of the following members:

Mrs. Dorothy Way - Chairman
Mr. Ralph Young - Vice-Chairman
Mr. Ross Agnew
Mr. Ross Anderson
Mr. H. Lloyd Johnson
Mr. Leonard Lamberty
Mrs. Joyce McKay
Mr. Wilfred Mason
Mr. Richard Poole
Mr. Leonard Salvatore
Mr. Peter Valentine
Mrs. Goldie Watson
Mr. Dennis Waymouth

W. I. meets

The Minden Women's Institute held their first meeting of 1974 at the Parish Hall with the President Mrs. M. Sears in the chair. The Roll Call was answered with the donation of a stamped Get-Well Card. The Secretary was asked to write Mrs. A. Griffin, District President, to attend the April Meeting of this branch.

Our Current Events Convenor Mrs. H.J. Walker gave us a very interesting summary of important local events during 1973. Mrs. J. Hunsell

WINTER CARNIVAL QUEEN

peter courtesy

Lesley Lorraine Freeman

MINDEN'S 1974 WINTER CARNIVAL QUEEN IS LESLEY LORRAINE FREEMAN, 17-YEAR-OLD STUDENT AT HALIBURTON HIGHLANDS SECONDARY SCHOOL. ONE OF NINE CHILDREN OF ROBERT AND ELEANOR FREEMAN, LESLEY IS AN ARDENT MUSIC STUDENT WHO THIS WEEK WRITES HER GRADE SIX ROYAL CONSERVATORY OF MUSIC EXAMINATION AND WHOSE FONDEST HOPE IS TO BECOME A MUSIC TEACHER. LESLEY LIVES AT HOME WITH HER FAMILY AT THEIR SOUTH LAKE LODGE. SOME 25 ENTRANTS VIED FOR THIS YEAR'S CARNIVAL QUEEN CROWN CONTEST HELD SUNDAY AT HIGHLAND CREST. RUNNERS-UP WERE SKIPPY McNAUL, 16 OF RR 3 MINDEN, AND LAURIE KIRKMAN, 15 OF CARNARVON. MISS FREEMAN IS 5 FEET., FOUR INCHES TALL, WEIGHS 110 POUNDS AND MEASURES 34-22-34.

denied a W.I. Hall. She had belonged to her mother, and dated 1912, also several programmes which were about 35 years old. These items will be a valuable contribution to the Twentieth Century History.

Mrs. P. Clarke then gave a very interesting and enlightening talk on Resolutions. The ladies decided to set a date for their Annual Spring Tea Trip and the date being May 29th and they will discuss where they will visit at

the February Meeting. It was decided to hold a Centennial Card Party at the Parish Hall on Feb. 27th, at which time members offering to help with the party. The meeting was adjourned by the hostess.

Pet-of-the-Week

This week the Progress camera sought out lovely Sharron just to prove that even though she was last year's Winter Carnival Queen she is obviously no has-been. Sharron is 18 years old and now lives in Toronto where she works for a life insurance company. Her hobbies and interests include skiing, snowmobiling and playing forward on the IHM girls' hockey team.

MINDEN VILLAGE - Residential - overlooking wooded parkland, located in new Minden subdivision, excellent site for a front split level home. Town water, minutes from shopping. Asking \$5,995.00. Terms.

Along The Trails

with

The Highland Snowmobiler
and Roy Bates

At long last! A communique! I have received a bulletin from the SHIRT TAIL SPORT CLUB, Minden, centred in the Ingoldsbay area, which indicates a thriving group with some interesting activities coming up. I understand the club is about sixty families strong with about a third of these being snowmobile enthusiasts. Other activities are: hunting, fishing, sailing, hiking, picnicing, partying, etc. The Club held a successful New Year's Eve Party at which a good time was enjoyed by all 70 persons in attendance. A gourmet dinner was a feature of the evening. On January 27th a 'Winter Social Fun Day' will be hosted by the Club at the HOMESTEAD's Homestead, on Canning Lake. (Otto Homestead is the club President.) This is a family fun day featuring snowmobiling, campfire, wiener roast, goulash-soup, refreshments, skating and sleigh-rides. Activities will get under way at 12.00 noon, and the all inclusive admission is \$1.50. In the evening there will be a get-together at Sunny Rock Lodge with music and dancing. The lodge will serve a 'Wiener Schnitzel Dinner' at 6.30 for the reduced price of \$2.80. And on Saturday, February 16th, a Valentine Dance is scheduled at the Sunny Rock Lodge.

For the Wiener Schnitzel Dinner reservations must be made at the Lodge. Phone 286-1507. Advance tickets for the Valentine dance are available from several persons and from Sunny Rock and Alrutz General Store. I wish for the Shirt Tail Sport Club every success with these events. And may your membership grow. Persons interested in joining this enterprising group should contact JIM HAMILTON, Ingoldsbay, R.R. 1, Minden. Phone 286-1116.

The January 13th expedition (to test conditions along the Tri-Trail) was really not as difficult as expected. We managed to ride from Haliburton as far as Redstone Lake. Slush was encountered on all lakes though only two machines managed to get stuck in it. Lady Luck was riding with the other six. The intent was to break a track which would freeze down to allow safe travel along the trail. I'm afraid the effort was negated by the weatherman who sent more snow instead of cold to make the slush even deeper. Our apologies to those who have been looking forward to riding this trail. Meanwhile some grooming is being done on other routes.

A couple of weeks ago I submitted, with this column to both papers, a list of the larger donations to the HCSA and a photo of our Alpine and drag. The Progress published the list. The Echo published the photo. We wonder why these community-conscious papers would omit any portion of this important informational material. The HCSA is deeply indebted to the KINSMEN, the ROTARY, the LEGION, the MANY BUSINESSES who contributed, and the COUNTY COUNCIL. All we can say is 'THANK YOU'. We could have done nothing without your support.

The Donald Windigos Snowmobile Club has just received a new batch (100) of club crests. These are now available to new members (and will be in the mail to them shortly) and renewal members wishing additional or replacement crests may obtain them from this writer at R.R. 2, Haliburton. Phone 457-1658. Price, \$1.00.

Ontario has recorded 12 snowmobile deaths so far this winter. Parked cars claimed three more last weekend. Two in Uxbridge Township, one at Angus. When will snowmobilers learn to SLOW DOWN on roads, especially at night? Must we be banned from roads, completely, to stop the slaughter? What must be will be.

My wife Jean got a big bang from 'The Born Loser', Progress Comics Jan. 17th. No further comment.

EDITORIAL

DOJARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to
Auto Financial Services

It may not come as a big surprise to you, but the average motorist spends a lot more money on automotive service than necessary, says one expert.

George Brown, general service manager of American Motors Corp., calls most of the problem the result of old habits that are hard to break.

Cars are serviced too frequently, and many unnecessary adjustments are made simply because an owner has always had such work done, says Brown. A good review of the new car manual would eliminate a lot of these trips to the garage. Lubricating a car every 1,000 miles and changing the oil every 2,000 or 2,000 miles is not only considered a waste of time and money these days but can actually damage some grease fittings and motor seals. Engine tune-ups aren't necessary every 5,000 or 6,000 miles, either. A complete check every 15,000 miles is plenty.

When cars do require service, selective replacement of worn parts can produce big savings. Perhaps all the spark plugs don't need replacement? Maybe

all the adjustments of a front end alignment aren't required? Only when all car owners request an accurate diagnosis and then demand that only those

repairs which are necessary are performed will it become a standard practice, reports Brown. Readers' questions are welcome and should be sent to Box 5875, London, Ontario.

Nader

According to the Toronto media Ontario's Energy Minister D'Arcy McKeough was hopelessly outclassed in his television debate with Ralph Nader last week.

Nader, of course, is probably North America's master propagandist with a well-deserved reputation as either a great public crusader or a troublemaker supreme, depending on your point of view.

Mr. McKeough made the fatal error of being truthful in a situation where adroit manipulation of words coupled with showmanship will win out over truth every time.

Imagine! He had the temerity to suggest that Canada does not have an energy crisis. Why surely, he must be familiar with the good old south-of-the-border viewpoint that since the U.S. has an energy crisis the whole world's got to have an energy crisis too. And, the television audience obviously agreed.

Ralph Nader to the contrary, Canada does not have an energy crisis. That won't stop the price of oil, gasoline, electricity and natural gas from rising. But the fact remains that these energy commodities are in plentiful supply in Canada. Until the Sarnia-Montreal pipeline is completed, Canada east of the Ottawa Valley will continue to be dependent for fuel oil on suppliers outside the country.

Surely this country has enough problems now without casually fabricating others. Mr. Nader should peddle his energy crisis propaganda elsewhere.

Trough

The something for nothing philosophy received still another substantial boost from the Canadian government this month with its revision of unemployment benefits. Now, anyone who works just eight weeks and then manages, in whatever fashion, to become unemployed is entitled to do nothing for the next 40 weeks and receive two-thirds of his previous weekly wage for each and every one of them. Mind you, at the end of that 40-week period he would have to work another eight weeks to qualify for a second 40 weeks of benefits. That seems to be quite a trough the U.I.C. is creating. They say we are fast approaching a guaranteed annual income. How about some guaranteed annual work to go with it.

OTHER VIEWS

Acupuncture

The report about North York mayor Mel Lastman being cured of long-standing headaches following acupuncture is very interesting. Lastman was better after three treatments which, as we recall, is the same number Metropolitan opera star Anna Moffo received for successful treatment of severe back trouble.

Acupuncture would appear to be remarkable in its capacities as an anesthetic and as a pain killer. We understand Canada eventually will have a number of doctors trained in its use. But how long a period will elapse before it is in widespread use is another matter. (Belleville Intelligencer)

A Tale Of A Trail

or

Some Mush About Slush

By Roy Bates

It was on Sunday, morning, ten-thirty or so when we met down at Emmerson's, ready to go with snowmobiles, lunches, a battered tea-pail. To check the conditions along the Tri-Trail. We made the first stop along Outlet Bay. To wait for the stragglers, Joe Blair and Kay. Then we sent on Pat Hucal, Pat Kennedy too. To break track on Drag Lake for the rest to get through.

Slush patches were many, but Old Lady Luck rode right along with us and no one got stuck. Said the leader, 'I'll freeze now and make a good track' And he set off for Richie's without looking back. But Richie's was, by-passed, for no reason, except a road was plowed round it, and to it we kept. From the Peterson Northward the trail was well packed. It was fresh-cut, and no sign of slush on the track.

Quite frequently Joe stopped to nail up a sign, And the rest would take swigs out of Jean's jug of wine. At South Bay again to the road with a will, And we stopped off for coffee at Fort Irwin Grill. All tanks were re-fueled at Freeman's, before The eight riders took off on the Tri-Trail once more. 'Twas soon after this that Huck took a sashay And 'twas Kennedy helped him get back under way.

Near Wahoo the leader, Roy, led one and all away up the creek to a neat waterfall, And there by a trapper's camp settled the bunch To heat and to eat what we'd brought for our lunch. There was beans, and hamburger, and chili, and stew. And it tasted like steak as all such picnics do. Then with garbage all gathered and back on the way. Everyone's happy, A peach of a day!

At Miller Lake Bill took the lead with a rush And near the far shore he went deep in the slush! He waved, and he hollered. The rest turned about. And all stopped in time to keep themselves out. When the fellows walked over to give Bill a hand He said, 'That's slush, and I'm stuck so I am!' Winding up his six-foot old Huck made a dash On across to the shore through the slush with a splash.

How the girls made it I'll never know! They were plucky, or lucky, and farin' to go. We stopped for a breather on Redstone's fair shore. Then checked that line over for slush, and found more! What to do? Can't go on, for we've run out of time. Can't go back, for there's too damn much slush 'long the line! Pick our way on down Redstone and to the highway. And head home by Harburn. And call it a day!

But that's not as easily done as it's said! There's still plenty slush on the way just ahead. Poor Cheryl got stuck, and Pat helped her through. And Huck blew a belt on his brand-new Ski-Doo. Each snowmobile's crusted with ice and with snow. Some filled-up so solid the tracks wouldn't go. But we got them all cleared, and we reach solid ground. And riding the highway we're all homeward bound.

I'm not a Road-Runner so this I must say, We need something done about trails right away. Snowmobilers, get with it, and lend us a hand To get more trails routed to run overland. Half a season goes by before lakes can be ridden. And even then, often grave dangers are hidden. 'Neath a layer of snow the ice may be thin And far too damn many good people drop in!

The H.C.S.A.'s doing as much as it can, But needs the support of each woman and man. When all get behind it I'm sure you will see We'll begin to influence The Powers That Be. Down at Queen's Park they've got oodles of dough. That they've taken from you, and from me, don't you know? If we all pull together I'm sure we can't fail To get some of it spent on our snowmobile trails.

LAKE NEWS

by Doreen Stinson

Mr. Edwin Hewitt has gone to spend the winter with his friends, the Thursons, at their farm in Bobcaygeon. Eddie loves to be around horses and cattle and helps with the chores while enjoying the warmth of a friendly home.

Mrs. Louise Watson and Mrs. Marge Ferguson are leaving to spend a few days in Toronto.

Our Community was shocked and saddened by the passing of Mr. Lawrence Wheeler. Mr. Wheeler and his wife built a lovely home on Kusbog Lake and had lived in it about two years. St. Stephen's Church will miss Larry as he was Deputy Warden and a good worker. Our sympathy goes out to his wife and family.

Mrs. Audrey Wilkinson spent last week-end with her niece, and her husband, the Flemings in Bancroft.

Club 35 Members held their monthly meeting on Monday evening and plans were discussed regarding a Valentine Fun and Games Night for February 16th. A donation was voted on for the Minden Red Cross Hospital and a drive for new members discussed. Euchre Parties each Mon-

day-evening could be better attended by members and friends. Come along and have some friendly relaxation.

Slush on the ice is making it difficult for snow machines and they are better off staying to overland trails. Mr. Jennings has maps and membership information for people in this area and you will find him at Sandy Lane Resort.

The Ladies of St. Stephen's Guild have reported a very interesting and worth-while list of accomplishments for 1973, among which they have adopted a little girl in India whose name is "Dawn Adams". Several pairs of ice skates have been sent to Canadian Indian children in the Red Deer Reserve, a generous donation went forward to the Primate's World Relief Fund in Africa, and another donation to a Missionary in Nigeria. They wish to sincerely thank all those who assisted them in any way to make these contributions. I might add that these ladies keep St. Stephen's Church clean and decorated, arrange the flowers plant flowers each Spring and generally help with the upkeep of this beautiful little church on the Buckalider Road.

Mrs. Hazel Welch is a guest of Mrs. Mary Oliver this week-end.

Mr. and Mrs. Earl Cooper and family are also guest of Mrs. Oliver for Saturday evening.

Mrs. Jean Wheeler has gone to spend a short while with her daughter Sally in Windsor and while there will be having her medical work attended to.

Mr. and Mrs. Garth Mole are spending this week-end with

Laura and Bill Mole. Laura is recuperating after another trip to the Peterborough Hospital. We wish her a speedy recovery.

Mr. and Mrs. Jack Calkins have sold their cottage here on the Lake. They will still come up to this area once in a while. The Calkins owned and operated Glenroy Lodge many years ago and are old-timers compared to some of us, insofar as having seen improvements in the Highways, all the new cottages, increase in businesses etc. We hope Jack's health improves.

Much shovelling of roof tops is going on these days and we hope the advice of experienced natives will be heeded that if you haven't checked your cottage lately, or arranged to have someone do it for you, don't leave it too long. The snow is heavy and has built up gradually and of course ice has formed around the edges to add to the weight.

Rosemary Stinson will be attending the C. Canadian Games starting this week in New Zealand. She reports milk selling for 4¢ per pint, butter 30¢ lb., cheese the same, a side of lamb between \$4.00 and \$5.00 but canned goods and fruits are very expensive. While the country is incredibly beautiful she says we are very fortunate to live in Canada, and especially Haliburton County!

Mr. Albert Hart has returned safely from his Edmonton trip and we welcome him back.

Want to Save Money?

and a very unpleasant job of pumping septic tank at the same time?

THEN BUY

SEPTO-CLEAN

THE NON POLLUTION PRODUCT
for
Septic Tanks * Outhouses * Pail-A-Day

SUPPLIED TO PROVINCIAL PARKS for that
it had to pass every test!

SEPTO-CLEAN digests paper and other solids. Buffered to nullify caustic contents of detergents, bleaches, etc. Systems, Drains, Tanks and Tile Beds clean at all times; SEPTO-CLEAN eliminates odor on contact. Will work under freezing conditions due to fermentation.

Excellent for restaurants as the Bacteria formula works wonders on fats and grease traps from cooking.

We absolutely guarantee against pumping if system well constructed or digging for outhouses. **SPECIAL NOTE** to hunters, resort and cottage owners: SEPTO-CLEAN is a self-fed formula that will work during the week while you are away.

TO THE WILD COUNTRY

Whether trudging through remote wilderness or "at home" in Toronto, John and Janet Foster—your "guides" for this season's five outstanding CBC-TV's To the Wild Country nature documentary specials—never find themselves idle. Above, John, an accomplished wildlife photographer and writer, chats with Janet, at work on the thesis she plans to submit next spring to York University in Toronto, on the history of wildlife conservation in Canada.

Stanhope council meets

All Members Present:

Moved by Jim Harrison
Seconded by Ken Whitney
Be it resolved the minutes of the regular meeting held November 7, 1973 be adopted as circulated.
Carried.

Moved by AL Rawlins

Seconded by Ken Whitney
Be it resolved that the Clerk be authorized to contact the Ministry of Natural Resources advising that Council has been made aware, that, Mr. A. Harrison, Part Lot 27 Cnr. 4, Township of Stanhope has made application to the Ministry on several occasions regarding the placement of land fill in Maple Lake in front of his cottage. These applications were rejected and Council feel that a re-inspection should be done, as similar projects in this area have been granted approval by your Ministry.
Carried.

Moved by Jim Harrison
Seconded by Elvin Johnson
Be it resolved the Clerk forward the required registration fee for two representatives to the Ministry of Environment for the Waste Management Training Course, to be held in Peterboro February 18 & 19, 1974.
Carried.

Moved by Jim Harrison
Seconded by Ken Whitney
Be it resolved the Clerk issue a five hundred (\$500.00) Honorarium to the Reeve for services rendered over and above the call of duty during 1973.
Carried.

Moved by Jim Harrison, Ken Whitney
Seconded by AL Rawlins, Elvin Johnson
Be it resolved the Clerk issue a five hundred (\$500.00) Honorarium to the Reeve for services rendered over and above the call of duty during 1973.
Carried.

Moved by Jim Harrison, Ken Whitney
Seconded by AL Rawlins, Elvin Johnson
Be it resolved that the Clerk be authorized to issue a cheque for two hundred and fifty dollars (\$250.00) to Mr. Gerald Bain for services above and beyond his regular working hours.
Carried.

Moved by AL Rawlins
Seconded by Elvin Johnson
Be it resolved the Clerk order Christmas Turkeys for the Municipal employees.
Carried.

Moved by Ken Whitney
Seconded by Elvin Johnson
Be it resolved the Township of Stanhope hereby approves of Ninatigo Airways conducting flight instruction at the Haliburton Highlands Stanhope Airport.
Carried.

Moved by Jim Harrison
Seconded by AL Rawlins
Be it resolved the Clerk contact Mr. R.S. Chapman, District Engineer, Ministry of Transportation and Communications, indicating Council is prepared to accept that portion of the Norley Road off Highway 530, providing, his Ministry will approve of the acceptance and assumption of the road which is 50 ft. in width connecting to the Norley Road and continuing 66 ft. in width to the Airport Road, being part of Registered Plan 235 which was registered in 1953.
Carried.

Moved by Jim Harrison
Seconded by Ken Whitney
Be it resolved the road committee of the Township of Stanhope request a meeting with the District Municipal Engineer of the Ministry of Transportation and Communications, to discuss a proposed road assumption.
Carried.

Moved by Elvin Johnson
Seconded by AL Rawlins
Be it resolved the Clerk notify the Community Planning Branch of the Ministry of Treasury, Economics and

Intergovernmental Affairs that Plan of Subdivision, File # 46T 22425 has been revised to meet the redesign as shown in red on the amended copy; that By-law 73-24 has been passed being a spot zoning by-law of the area concerned; the by-law has been circulated and forwarded to the Ontario Municipal Board for approval; that the streets are dedicated as passable highways and provisions for 5% of the land namely Block 'A' to the Corporation subject to agreement.
Carried.

Moved by Ken Whitney
Seconded by AL Rawlins
Be it resolved the Clerk advise Mr. H.L. Cowling to refer his letter regarding land fill in Hall's Lake to the Ministry of Natural Resources, Minden, Ontario.
Carried.

Moved by AL Rawlins
Seconded by Elvin Johnson
Be it resolved the Clerk advise Mrs. Warner that the Township roads responsible for school bus routes will be given priority in snowploughing and all other roads will be ploughed as soon as possible.
Carried.

Moved by Jim Harrison
Seconded by AL Rawlins
Be it resolved council request a representative from the Ministry of Transportation and Communications to meet with the Township Road Superintendent to discuss a drainage problem on Highway 35 on part lots 12 & 13 Con. 5, Township of Stanhope.
Carried.

in performing their required duties during 1973.
Carried.

Moved by Ken Whitney
Seconded by Elvin Johnson
Be it resolved that General Accounts totalling \$1,526.55; November Welfare totalling \$249.50 and Road Voucher #1 amounting to \$5,703.53 be allowed for payment.
Carried.

By-law 73-29 for the purpose of prohibiting the obstruction of Highways within the Township of Stanhope was received and read a first time.
Carried.

By-law 73-29 was read a second time and referred to a committee of the whole council with Jim Harrison appointed Chairman.
Carried Without Amendment.

By-law 73-29 as reported by the Committee of the Whole was read a third time, passed, signed and sealed.
Carried.

Moved by Jim Harrison
Seconded by AL Rawlins
Be it resolved this meeting do now adjourn at 6 p.m. until January 9, 1974 at the hour of 9:30 a.m., unless called sooner by the Reeve.
Carried.

NEW TRAIL-BLAZER

THIS SKI-DOO ALPINE GROOMER WILL BE USED THIS SEASON TO IMPROVE HALIBURTON'S SNOWMOBILE TRAILS. THE PURCHASE BY THE HALIBURTON COUNTY SNOWMOBILE ASSOCIATION WAS MADE POSSIBLE BY CONTRIBUTIONS FROM MEMBERS.

Manpower report

During the month of December 1973, the Peterborough Canada Manpower Centre placed 353 persons in regular employment, down a little from the December 1972 figure, said Dick Kettle, the Manager, in his monthly report.

At the end of December there were 3617 persons registered with the CMC as being unemployed and seeking work. 48% of these clients were female workers 4% were under the age of 1. 236 vacancies were on

the CMC's books on 31 December, although referrals had been made on the great majority of them. The service industries placed their usual strong demand on the CMC during the month, with personal services creating the greatest demand, he continued.

A great variety of jobs continue to be available in various parts of Ontario and clients who wish to explore these opportunities may be eligible for grants under the Canada Manpower Mobility

Program. During the month of December, 9 clients were given exploratory grants and 9 family units were relocated to new employment. December also saw the retirement of Manpower Counsellor George Dunstan, who was well known to the many area employers who participated in Canada Manpower Training-on-the-Job programs during the last two years. A replacement for George has not yet been obtained, concluded Mr. Kettle.

THIS WEEK

from Ottawa

ELECTION EXPENSES BILL

The Liberal Government's Election Expenses Bill received Royal Assent just before Parliament recessed for six weeks. The legislation restricts campaign spending by candidates and political parties and requires disclosure of donors who contribute \$100 or more.

OTHER BILLS

Three other Bills also received Parliamentary approval. The Energy Allocation Act gives the government broad power to cope with fuel shortages, anticipated mainly in Eastern Canada. It will lead to appointment of a special board which might, in emergency circumstances, impose wholesale-level or individual rationing measures. The Export Tax Act approves formally the levy the government has charged since October for Canadian oil purchased by U.S. buyers. The Wiretapping Legislation outlaws private wiretapping and restricts the uses police can make of electronic surveillance equipment.

RECESS

The House of Commons recess will extend until Feb. 26. The recess came after 202 days of sittings.

OIL PIPELINE

Energy Minister Donald Macdonald announced that the construction of the crude oil pipeline from Sarnia to Montreal will begin this fall. The 510-mile extension will cost \$175 million and is expected to be completed in late 1975. Progressive Conservative Leader Robert Stanfield and NDP Leader David Lewis see the pipeline as the best and quickest solution to the short-term supply problem. The Sarnia pipeline extension was the cheapest way of getting Western oil into Montreal and ensuring uninterrupted supplies of oil into Eastern Canada.

UNEMPLOYMENT

Unemployment in Canada, seasonally adjusted, remained unchanged at 5.6% during December as compared with the previous month.

OTTAWA - National Health and Welfare Minister Marc Lalonde today released the latest report on tar and nicotine levels of Canadian cigarettes. He emphasized that smoking cigarettes with low levels of tar and nicotine is just one way to reduce intake of smoke chemicals.

The Minister stated that the potential benefit of switching to low tar and low nicotine cigarettes may be nullified if more cigarettes are smoked, or more of each cigarette is smoked, or if the depth of inhalation is increased. He suggested that those who switch should observe their smoking patterns and butts to ensure this doesn't happen, but added that the ultimate goal of every cigarette smoker should be to give up smoking. Few people find it impossible to quit if they really have to; for example, after a heart attack or an operation for lung cancer. Both are often diseases of choice. It is up to the smoker to avoid them. The Minister stressed that we know of no safe cigarette and no safe way to smoke. However, those who cannot quit can at least study their smoking patterns to reduce their exposure. Besides using low tar and nicotine cigarettes, Mr. Lalonde outlined five ways of reducing the exposure:

- avoid inhalation of puffs to keep smoke out of the lungs;
- cut to less than 10 cigarettes a day;
- take fewer and smaller puffs;
- leave longer butts to avoid smoking tar and nicotine that accumulates at the butt end;
- remove the cigarette from mouth between puffs.

Mr. Lalonde noted there have been suggestions that tar should be reduced proportionately more than nicotine, thus allowing smokers dependent on nicotine to get it without increasing their tar intake. This matter has not been resolved, but is being looked into, he said.

The Minister said smokers can only make choices if they are informed adequately, and that his department would like to see tar and nicotine levels stated on packages, along with other relevant information.

Mr. Lalonde said that such a personal health problem as cigarette smoking cannot, of course, be resolved without public participation and he would be grateful if smokers would inform his Department of their experiences with and views about switching to low tar, low nicotine cigarettes and other ways to reduce smoke intake.

Tables of tar and nicotine levels of Canadian cigarettes, as tested at the University of Waterloo under the direction of Dr. W.S. Rickert and Dr. J.C. Robinson, are attached. Because, for the first time, moisture is not taken into account, the tar figures are automatically reduced somewhat from figures in earlier reports, whether or not there has been a real change. Therefore, comparisons with earlier reports should not be attempted.

NOTE: Some cigarette are ventilated on or near the filter. Tar and nicotine deliveries may be increased if these "openings" are blocked by finger or cigarette holder.

New CKVR tower

January 14th marked the changeover to the new 1,000 ft. broadcasting tower for CKVR Television in Barrie. Since 1957, CKVR's transmission has been from a 704 foot structure located just south of Barrie on Little's Hill. Previous to 1957 CKVR transmitted its signal from

225 foot tower. With this new increase in transmitting height and other technical advances made over the past several years, CKVR has expanded its coverage to the point where it now is viewed by almost one million people every week.

The new tower will extend the station's coverage area by several miles, improve reception in "problem" areas and deliver a stronger signal to the head-ends of the many cable companies who carry CKVR.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Neil, 9 years, is a handsome lad of Irish, English and Dutch descent. He has dark eyes, brown hair and olive skin. Tall and slender in build, he is in good health.

Neil is in Grade Four. He is at least average in intelligence. All through school he has done well, even when putting little effort into his studies.

He likes music and recently joined the junior choir at church. Camping was a happy summer experience for Neil. He likes games but until recently did not have much interest in sports. That, however, is beginning to develop. He is a good skater, having had skating lessons.

Perceptive, sensitive, Neil is easily aware of other people's feelings and knows at once if he is being accepted or not. He understands his own feelings, too, and is able to talk about them. He has a good sense of humor and is often witty.

Neil needs a mother and father who are able to combine warmth and firmness, and who have the time and the desire to spend much time with their son and share activities with him. Because Neil craves and needs a great deal of attention, there should be no other children in his adoption home.

To inquire about adopting Neil, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

CENTENNIAL CORNER

MORE ABOUT THE 'PROVISIONAL' COUNTY OF HALIBURTON

Centennial Corner Number 2 outlined circumstances which warranted and resulted in the creation of Haliburton as a Provisional County. The special Order in Council passed by the Provincial Government was The Haliburton Act which is Chapter 198 of the Revised Statutes of Ontario 1970. The Haliburton Act specifies that "...the Provisional County of Haliburton and the corporation and council thereof have and possess respectively all the rights, powers, liabilities and incidents of a county, county corporation and county council, and except where inconsistent with this Act, the law and the statutes applicable to counties, county corporations, and county councils, and the members of such councils, apply." The Act sets out that the Provisional County of Haliburton is to be combined with the County of Victoria for judicial purposes.

COMING CENTENNIAL EVENTS:

O.P.P. to test 4-day week

Commissioner Harold Graham today announced that on February 24th, five O.P.P. detachments, selected from the 185 establishments in Ontario, will begin testing the 4-day 40-hour week.

The tests will involve 160 uniform members of the force at the following locations:

Ottawa, Port Credit, Owen Sound, Noelville and Belle River.

The tests will run for 26 weeks following which the results will be evaluated. These detachments vary in size and responsibility and include traffic, general law enforcement and municipal policing.

Canada Farm Show

Cash prizes totaling \$14,000 will be awarded competitors in Canada's first indoor Tractor-Pull at the 1974 Canada Farm Show, Jan. 30 to Feb. 2, Exhibition Park, Toronto.

Purses are the largest to date in the growing sport of Tractor-Pulling in Canada, said Robert M. Gowdy, general manager of the show which will occupy three buildings and the arena in the Coliseum Complex.

Pullers from both Canada and the United States will compete on the first two nights in a total of six events sanctioned by the National Tractor Pullers Association of the U.S. The winner of each of these events will receive a \$500 purse. Total prize money for each event is \$1,500.

The Ontario Belgian Horse Association's Draft Sale Auction will take place at the show on January 30 and 31. It is expected that buyers from all over Canada and the United States will attend this important sale.

At the same time, there will be a championship draft horse-pull on Wednesday afternoon, January 30, at 1 p.m.

Sponsored by the Ontario Retail Farm Equipment Dealers Association, the Canada Farm Show is Canada's largest indoor agricultural equipment show.

Show hours are 10 a.m. to 6 p.m. daily.

Sir Sanford offers winter admissions

Sir Sanford Fleming College is offering February admission to several business and technical programs in response to an apparent demand for a break from the traditional September starting date.

Aimed primarily at secondary school students across the province who will receive their diplomas in January through a trimester system adopted by some Ontario schools, the program at Sir Sanford will allow them to complete two or three-year college courses at the same time as those who started in September 1973.

The program also may be of interest to secondary school graduates who have

been on the labour market, and have decided to further their education according to Sir Sanford's Admissions Director Robert Geddes. Mr. Geddes said the program is the result of a survey of guidance personnel at approximately 50 trimesterized Ontario secondary schools. Many replied that their January graduates might be interested in an opportunity to directly enter a college course, students' entering business

courses in February will be involved in a common course of study leading to normal entry into the second year of either two or three-year business programs with specialization in accounting, marketing, data processing or general business areas.

Council Meets

Reeve Reg. Booth in the Chair, Presiding: Douglas Pritchard, Deputy Reeve; Councillors S. Brandon, AlConceybeke, R. Gorrie; Richard Parlaotto, Clerk-Treasurer; J. Earl Hewitt, Road Superintendent; Richard C. Scheil, By-law Officer.

That the minutes of the meeting of November 14, 1973 be approved.

Carried.

Letter was received from the Ministry of Transportation and Communications indicating that all present lots on Highway #35 By-pass are virtually restricted to be developed for food, fuel and accommodation business where new entrances are concerned.

Correspondence was received from Mr. R.H. Harrison, R. Eng.; outlining the outstanding work to be completed at the Community Centre.

Mr. Ron Wrightman, Chairman of the Minden Winter Carnival Committee was present to request a grant for the Carnival.

That for 1974-County Centennial Year the grant to the Winter Carnival Committee be established at 1,000.00 including postage provided.

Carried.
Messrs. Glen and Murray Robertson were present regarding a proposed severance in Lot 25, Concession 5, Minden Township. Upon Clarifying certain items, the severance was approved.

Letter was received from Mr. G. Heywood, Group Committee Chairman of the Minden Cubs, Scouts and Venturers regarding a proposed project called 'Trees for Canada'. The Clerk was directed to arrange for the appropriate planting areas with the organization.

That this Council strongly supports the Cubs, Scouts and Venturers Project of Trees for Canada as outlined in their letter dated November 28, 1973 subject to the proper planting sites being approved.

Carried.
That the Accounts be approved in the amounts of \$14,666.66

Carried.
That the 1974 OGRA Membership fee of \$25.00 be paid.

Carried.
It was decided that in view of the request of the applicant, By-law 73-36 be held in abeyance and the OMB be so advised.

Letter was received from the Township of Starnhope regarding the future of the Pine Springs Dump in Hindon Township. The Clerk was directed to prepare the necessary agreement for formal passing at the next meeting.

That this Municipality strongly supports the resolution of the City of Woodstock calling for the immediate implementation of market value assessment and that the Minister be advised of the burden being carried by the taxpayers of Anson, Hildon and Minden due to the present inequitable assessment.

Carried.

Letter was received from Ron Warburton claiming a lost eye. The

claim was denied based on the fact that no part of the carcass or any bones could be found.

Letter was received from the Township of Lutterworth advising that their Council was not prepared to pay any funds for use of the Scotch Line Land fill site by residents of Lutterworth Township for the year 1973 but would reconsider same for 1974.

Mr. Jim Potter was present regarding the road diversion near Soyers Lake.

That the Clerk be authorized to arrange for the exchange of deeds for the road diversion in Lot 25, Concession 9 Minden Township relative to the proposed plan of subdivision of James and Reginald Potter.

Carried.

That application #73-50 under Section #336 (A) of the Municipal Act be approved in the amount of \$255.05.

Carried.
Council directed the Clerk to submit the comments on each objection to B/L 73-28 to the O.M.B.

That By-law #73-58 having been read a first time be considered as read a second and third time and passed.

Being a By-law to acquire certain lands in Lot 5, Concession A, Township of Minden for Municipal purposes subject to receipt and registration of a proper deed, the said deed being dated this 21st day of November, 1973, between Elgin Stouffer as Grantor and the Municipality as grantees.

Carried.
That By-law #73-59 having been read a first time be considered as read a second and third time and passed.

Being a By-law to incorporate certain roads into the Municipal Roads System in Lot 5, Concession A, Township of Minden.

Councillor Brannen declared an interest in B/L's 73-241 and 73-242 and refrain from discussion or vote.

That By-law 73-60 having been read a first time be considered as read a second and third time and passed.

Being a By-law to incorporate a certain road into the Municipal Roads System, being part of the concession road between Lots 20 and 21, Concession 2, in the Township of Minden.

Carried.
That By-law #73-61 having been read a first time, be considered as read a second and third time and passed.

Being a By-law to incorporate a certain road into the Municipal Roads System

in Lot 9; Concession-9, in the Township of Minden.

Carried.
That By-law 73-62 having been read a first time be considered as read a second and third time and passed.

Being a bylaw to acquire certain lands in Lot 20, Con. 1 and Lots 19, Con. 1 and 2, in the Township of Minden for municipal purposes.

Carried.
That By-law 73-63 having been read a first time be considered as read a second and third time and passed.

Being a By-law to stop up, close and sell part of a certain road allowance between Lots 10 and 11, Con. 10 in the Township of Minden.

Carried.
That By-law 73-64 having been read a first time be considered as read a second and third time and passed.

Being a By-law to appoint Eliaor Burke as Deputy Clerk-Treasurer for the Township of Anson, Hindon and Minden.

Carried.
That By-law #73-65 having been read a first time, be considered as read a second and third time and passed.

Being a By-law to establish the rates of remuneration for the Minden Fire Department.

Effective for the year 1973 500 350
Carried.
Council visited the site of the Minden Texaco Centre and approved the replacement of the present tanks in the same location.
That we do now adjourn.
Time: 5:00 p.m.

YOU TODAY TOMORROW

There is only today between you and tomorrow

Which is why Canada Pension Plan benefits will be increased **today** and will be kept in line with the cost increases of **tomorrow**

What this means to you as a beneficiary

From January 1st 1974, Canada Pension Plan benefit payments will be adjusted to reach... then maintain a level in line with the actual cost of living.

If you are receiving monthly benefits that began during the period 1967 to 1973, your benefits have been recalculated so that the amount you receive in 1974 is related to the actual increase in the cost of living over the years your benefits have been paid. When you receive your January 1974 benefit cheque you will see that it has been increased. The increase in your payment will vary from 8% to 20% and will depend on the year in which your benefit first became payable.

In future years, if living costs continue to rise, you can expect further increases in your benefits based on current cost of living data.

What this means to you as a contributor

As a contributor to the Canada Pension Plan, you are building a basic and portable retirement plan for the future and at the same time providing current protection for yourself and your dependents against the possibility of severe disability or early death.

In order to protect the value of your eventual benefits, the Canadian Parliament has passed legislation which ensures that the contributions you make today will give benefits that maintain the purchasing power of today's wages twenty, thirty or even fifty years from now... when you need it!

To achieve this, the Government plans to have the earnings ceiling — the maximum amount on which contributions are paid and on which benefits are calculated — increased each year so that it will reach, and then keep even with the average earnings of Canadian industrial workers. This ceiling will be raised from \$5,600.00 in 1973, to \$6,600.00 in 1974 and \$7,400.00 in 1975.

This new earnings ceiling means that the year's basic exemption — the initial amount on which you do not pay contributions — is changed, from \$600.00 in 1973 to \$700.00 for 1974.

These changes also mean that the maximum employee contributions will increase from \$90.00 a year in 1973 to \$106.20 in 1974. Your contribution is matched by your employer. In the case of self-employed persons, the maximum annual contribution is increased to \$212.40 for 1974 as against \$180.00 last year. For earnings of less than \$5,700.00, there will be no increase in contributions.

The change in the earnings ceiling means that the maximum retirement pension will rise from \$90.71 for pensions effective, in December 1973 to \$134.97 for those whose pensions will begin in December 1975. As the maximum earnings levels for the years after 1975 continue to rise, so will the maximum retirement pensions in those years. There will also be increases in the maximum values each year for disability and survivors benefits.

Confederation Life's
Diversified
Investment Policy

You are insured immediately for the amount you plan to invest over a definite number of years. Several savings periods are available. When your plan matures you are guaranteed not to lose a penny of your total investment. After expenses, each monthly premium is invested in a balanced fund consisting primarily of well known equities. The fund's performance determines your eventual return. Many people today are investigating equity funds. Shouldn't you? For complete information on this, and other Confederation Life policies, telephone me or mail this coupon. I will welcome the opportunity to discuss them with you, in your home or office.

S.G. NESBITT
J. HARRISON
Stanhope

Rev. James Bashell of Minden United Church commended members of Council in their challenge to preserve peace, security and orderliness and to proceed with honesty and the courage of their convictions on the onset of the next hundred years, and he prayed for their guidance.

RESOLUTION NO. 1/74
That Murray Fearrey be nominated for Warden for the year 1974.

Carried.
There being no further nominations, Mr. S.G. Nesbitt moved that nominations be closed, seconded by A.L. Lock.

Carried.
The Clerk declared Murray Fearrey to be Warden of the Provisional County of Haliburton for the year 1974.

Mr. Fearrey was led by Piper Earl Cooper to the dais where Past Warden Robert L. Fotheringham placed the Warden's robe on him and wished him success in the challenge ahead of him.

Warden Murray Fearrey read the Oath of Office and received the Chain of Office from the Clerk. He thanked members of Council for the honour bestowed on him and reminded Council that Haliburton County has a proud heritage and we must ensure that after 1974 we are able to continue. "If we work together and we stand together for Haliburton County, perhaps in 1974 we can put it all together."

RESOLUTION NO. 2/74
That Gary Agnew, Sinclair Nesbitt and Robert Fotheringham be the Steering Committee for 1974.

Carried.
Mr. R. Glen Hodgson, M.P.P. extended congratulations to Murray Fearrey as Warden, and to Council for their selection, and predicted a particularly heavy assignment for the Warden with some of the 1973 work coming to fulfil-

ment, new endeavours, and the celebration of the County Centennial. In retrospect of the reason for the County's creation, Mr. Hodgson suggested a study of the future prospects for the railway as a means of transportation in the County. Beyond the normal activity of a County Council, studies of natural resources and co-ordination of available activities would be warranted. With the rapid urban expansion elsewhere it is necessary at this time to plan land use and make this community what we want it to remain in the future, taking into consideration co-operative transportation and industrial expansion. "We have been well served by County Councils of the past and we feel this County Council should cut the guide lines for the next hundred years."

The Warden announced a short recess at 2:45 p.m. to visit with Past Wardens who were in attendance. Council reconvened at 3:05 p.m.

Warden Murray Fearrey welcomed Past Wardens: Ronald J. Curry (1937), Edward H. Peacock (1953), Holly Sisson (1961), Lawrence Pritchard (1963), and Charles Brandon (1969), and called the names of Past Wardens who are presently active with County Council and others who were unable to be in attendance. He also introduced

Mrs. Elsie Bursey, Administrator of the Hyland Crest Senior Citizens' Home; Mrs. Mary Packard, Secretary-Treasurer of the Haliburton County Public Library; Mr. Donald J. Finn, County Solicitor; Mrs. Jean Jackson, County Registrar; Mr. Larry Perrott, Secretary-Manager of the Haliburton Highlands Chamber of Commerce; Mr. Hugh Holler, Manager of the Canadian Imperial Bank of Commerce; Mrs. Nila Reynolds, Author of 'In Quest of Yesterday'; Mr. Creighton Fear of the Haliburton County Echo; and Mr. Peter Courtney of the Minden Progress.

Mr. Ronald Curry addressed Council with a wealth of historical facts, and played on tape a message recorded at Haliburton Red Cross Hospital for this occasion by the Senior Past Warden (1930 and 1955), Mr. Clayton Rogers, whose concluding remark was his wish for all residents of Haliburton County a happy and prosperous new year.

Mr. Gary Agnew, Chairman of the Centennial Committee, requested members of Council to get behind groups in their area to arrange celebrations. He reported on promotions arranged, including the Centennial edition of 'In Quest of Yesterday' and called on Mrs. Nila Reynolds to whom he presented the first royalty cheque.

Mrs. Reynolds read to County Council a special tribute she had written for the occasion, and added her congratulations and sincere wishes. Piper Earl Cooper played the Green Hills of Tyrol, which he suggested referred also to the green hills of Haliburton.

Greeting cards were circulated for Past Wardens Clayton Rogers, in hospital, and James McCrea, in poor health; and also for Fenelon Falls which is also celebrating its Centennial.

This County Council Session was adjourned at 4:30 p.m. until Wednesday morning.

tal for this occasion by the Senior Past Warden (1930 and 1955), Mr. Clayton Rogers, whose concluding remark was his wish for all residents of Haliburton County a happy and prosperous new year.

Something Special

Meet the Canadian Redcoat

This is not a report on Canada's world-famous Mounties. It is the introduction to another 'Redcoat'. This one is a delicious specialty prepared from one of Canada's favorite cuts of meat, the pork chop.

Pictured is a slice from one pound pork chop perched on its ribs, resting on a stainless steel plate, coated with tangy red sauce. A mouthwatering sight, Canadian Redcoat provides a whole new world of eating.

For this special, give your meatman at the pound chops from a well-marbled pork loin. Usually there are 2-3 ribs to each chop. The best chops are from the centre loin or rib loin. You will want one per person.

The chops are marinated overnight in preparation a day before they are to be served. This is one dish you can't put together at the last minute but the chops can be marinated and cooked then stored in the refrigerator 2-3 days. Or keep them in the freezer up to three months. When you're ready to serve them, bring the chops to room temperature and complete the coating step allowing 40 minutes for preparation.

Marinating tenderizes meat and enhances its natural flavor. Wipe the marinade off the chops with paper towels before cooking.

'CANADIAN REDCOAT'

(6 Servings)

6 1 pound pork chops

Marinating Sauce:

1 1/2 cups soy sauce
1 cup apple juice
1/2 cup water
1/2 cup brown sugar
1 tablespoon dark molasses
1 teaspoon salt

In small saucepan mix ingredients; bring to a boil. Cool. Put chops in a pan, bone side up. Pour sauce over chops 2-3 times if possible. Next day remove chops from sauce, place in a baking dish and cover tightly with foil. Place in 350 degree oven; bake until tender - about 2 hours. (At this stage, chops can be wrapped and stored in refrigerator or freezer. Bring to room temperature; complete preparation.) While chops are baking, combine all red sauce ingredients in heavy saucepan.

Red Sauce

1 1/2 cups ketchup
1 1/2-pounce bottle chili sauce
1 cup apple juice
1/2 cup brown sugar
1 teaspoon salt

Blend together, leaving no lumps. Bring to a boil. Stirmer 2 minutes. Dip cooked chops in red sauce. Place redcoated chops in baking dish. Bake for 30 minutes in 350 degree oven until lightly glazed. (Marinating sauce and red sauce can be re-used if brought to a boil and refrigerated or frozen.)

When Canadian Redcoat serve a cabbage-type vegetable; broccoli, Brussels sprouts, turnip greens or just plain buttered cabbage and sautéed potatoes. Cold beer or ale complements the dish.

ABOUT THE TOWN

with Jeanne Sears

Notice that villagers now are wearing Carnival buttons and focuses in keeping with this yearly event, there are events to suit everyone and hope to see a huge crowd here for the weekend. Weather conditions being favourable there will be horse-drawn sleighs for rides on Saturday for everyone. Another treat from yesterday, many have never enjoyed these.

The Community was saddened over the weekend by the accidental deaths of Laurie Bacon and Sterling Hewitt, in a snowmobile mishap. Sincere sympathy goes to their families and friends.

Congratulations to Mrs. Carl Hie on the arrival of her baby boy at St. Joseph's Hospital, Peterborough.

Some of your hurts you have cured,
And the sharpest you still have survived,
But what torments of grief you endured
From evils which never arrived!

Emerson.

At the weekly Mini Card Party at the Parish Hall last Thursday-afternoon a goodly crowd enjoyed their games with winners being for euchre Alice Clark and Johanne Beattie, for cribbage Joyce Hewitt and Ethel Leigh and for bridge Doris Craig.

Gerald Coulter of Toronto was a weekend guest with his parents Mr. and Mrs. Angus Coulter.

Sorry we missed mentioning the death of Mrs. George Walton the middle of November, with sincere sympathy going to her family and friends and especially her sister Mrs. D. Prestidge.

The Girl Guides are having a Chili Supper at Minden United Church Hall on the 26th from 4-7 with tickets available from the girls or their mothers. Good way out of getting supper for that crowd, Mother!

Here is another lucky winner at Rotary Bingo when yours truly won the Jackpot of \$250 in 51 numbers called last Thursday night. Lucky Me!

The best people I know are those full of fun,
Carefree and happy, all misery they shun.
The world's full of trouble and lots of worry,
Don't go around, for yourself feeling sorry.
Just stick out your chin, be happy and strong,
Happiness is a smile when all goes wrong.
No one that I know likes an old sourpuss,
He's all the time trying to kick up a fuss.

James Lees.

There will be a Centennial Card Party at the Parish Hall Jan. 30 at 8 p.m. by the W.I. with an old-fashioned lunch, games to be played are euchre, cribbage and bridge.

Sunday afternoon at the Hyland Crest Auditorium a large crowd saw the selection of both Senior and Junior Carnival Queens and their princesses. Music was provided by the pianist, Willis McNeille and Bill Hutchison on the drums. Master of Ceremonies was Earl Palmer who introduced the 26 entrants in the senior group and interviewed them. Bill O'Brien was the lucky person to escort the young ladies to the stage and off again. During the breaks, while the judge Bill Zaharuk was making his selection, the crowd was entertained. First by Mrs. Jennie Cooper, a resident, leading all in song then violinist Bob Schroter and singers Janie O'Brien and her daughters and June Haskill. Carnival Queen Lesley Freeman was crowned and robed by Sharron Hughes, winner in 1973 and princesses selected were Skip MacNabb and Laurie Kinsman. Three finalists for the Junior Queen were chosen by the Staff and students at the Public School. From these Mr. Zaharuk chose Junior Queen Karen Warburton and princesses Carrie Cleadenning and Marilyn Kinsman. The New Senior Queen dressed the Junior Queen in her robe and headband. It was an extra honour for Lesley as she is the Carnival Queen for Centennial Year as well. This was a fine afternoon and excellent entertainment as well. All the winning contestants will be seen during our Winter Carnival later this week beginning on Wednesday evening when they will be introduced and receive their prizes. Didn't know we had so many attractive girls in our County.

Hint of the week - To get a little more zest from your spices, rub them through your fingers, seems to wake up the flavour.

Everyone is looking forward to the weekend, may they have enough snow, with nice crisp sunshine for the parade and all enjoy their company. But above all drive your vehicle carefully.

Cheerio until next week.

Bears and people in Algonquin Park

by R.T. Tozer
Interpretive Services
Supervisor
Ministry of Natural
Resources

Over the years, Algonquin Park's bears have been a great attraction for its thousands of visitors. Unfortunately, Park visitors have recently become a major attraction for the bears. In the campgrounds along Highway 60, and on some heavily used interior canoe routes, bears have learned to associate the presence of people with food—either offered intentionally or available for the taking. This interaction has resulted in some injuries to visitors and the destruction of many bears by Park authorities. A comprehensive management program was initiated by the Ministry during the 1973 operating season in an attempt to alleviate these problems.

First, two new publications were widely distributed to explain the bear problem—one for the Highway 60 camper and another for the interior canoeist. 'You and the Black Bear' emphasized three necessary rules for the camper: never feed a bear; store all food in the trunk of your car; and keep a clean campsite, by burning all combustible garbage and placing the residue in proper containers. 'Canoeing and Bears' also indicated that bears should never be fed, and warned of the need to burn all garbage.

In addition, the canoeists were instructed to suspend food packs in trees, beyond the reach of bears. Both pamphlets warned of the potential physical danger to humans in feeding bears, however, the greatest emphasis

was placed on the fact that people who provide bears with food, intentionally or otherwise, are themselves causing the ultimate destruction of these animals by Park authorities.

Another management procedure which was initiated involved changes in garbage collection methods in the Highway 60 region. Bear-proof garbage cans were installed at the Castello Creek, Hardwood Hill, and Little Madawaska Picnic Grounds, and the Beaver Pond Trail entrance. In an initial test of their effectiveness, each of these containers replaced about eight conventional garbage cans, and proved very successful. Bears, raccoons, and birds were prevented from spreading garbage around, with a resulting saving in maintenance work and enhanced appearance of the areas.

In Nearney and Coon Lake Campgrounds, a new garbage storage and collection procedure was tested during a three week period. The system proved effective and is being considered for development in other campgrounds in the future. Each camper was issued a plastic garbage bag for each camping day, and asked to deposit his garbage in a building conveniently located at the campground exit. The buildings were of cement block construction, with chutes for receiving the plastic garbage bags. This method has such obvious benefits as reduced costs of garbage collection, elimination of garbage truck noise in the campgrounds, and cleaner campsites. With camper cooperation in the use and disposal of the garbage bags, this system can very effectively solve people-bear

problems in campgrounds. Lastly, a 'Nuisance Bear Control' program was undertaken in the Park. The objective of this operation was to remove bears from campgrounds along Highway 60 and in the interior—wherever they were actively and aggressively seeking food from people. An attempt was made to use tranquilizing drugs in this process, but it proved unsuccessful since the bears either escaped before being immobilized or climbed trees, only to suffer a fatal fall when the drug took effect. A pulvert trap was utilized to capture five, a total of 18 bears (i.e. 8 in the Highway 60 region and 10 in the interior). These trapped bears were removed and released in the Park's southern townships, away from heavy recreational use areas. Only one of these bears was recaptured, suggesting a low rate of return to trapping areas. It was necessary to destroy 20 bears (4 in the Highway 60 region and 16 in the interior). Various biological data were collected from these trapped and destroyed animals. While the 'Nuisance Bear Control' program was successful in removing particularly troublesome animals, it is expensive to operate and certainly is viewed as only a necessary interim method in our management of bears and Park visitors.

Our prime objective is one of public education and cooperation in managing Algonquin so that bears and people may use the Park without harm to either. The presence of Park visitors should not be allowed to change the bear's food habits and result in the animals' destruction. Remember parks are for people and bears—and the bears were here first!
